

PAIGE REED

D
GTEST GIS SUMMER CAMP 2K18

BUFFALO UNIVERSITY

PURPOSE:

To find low income households in Houston near hurricane evacuation routes.

-Unlike average/ or high income households, low income households may not have the same advantages to get to hurricane evacuation routes/to evacuate quickly in case of hurricane. Low income households may need shelter/safe place in case of hurricane.

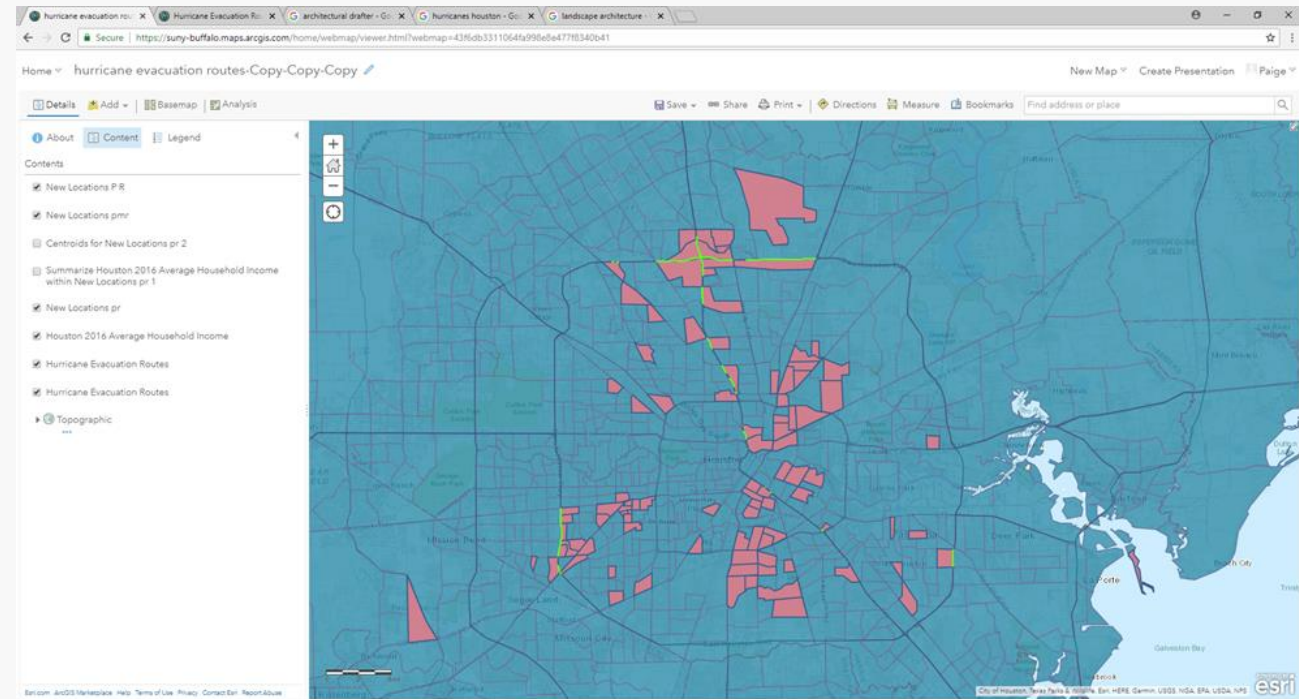

LOCATION(S):

Houston, Texas

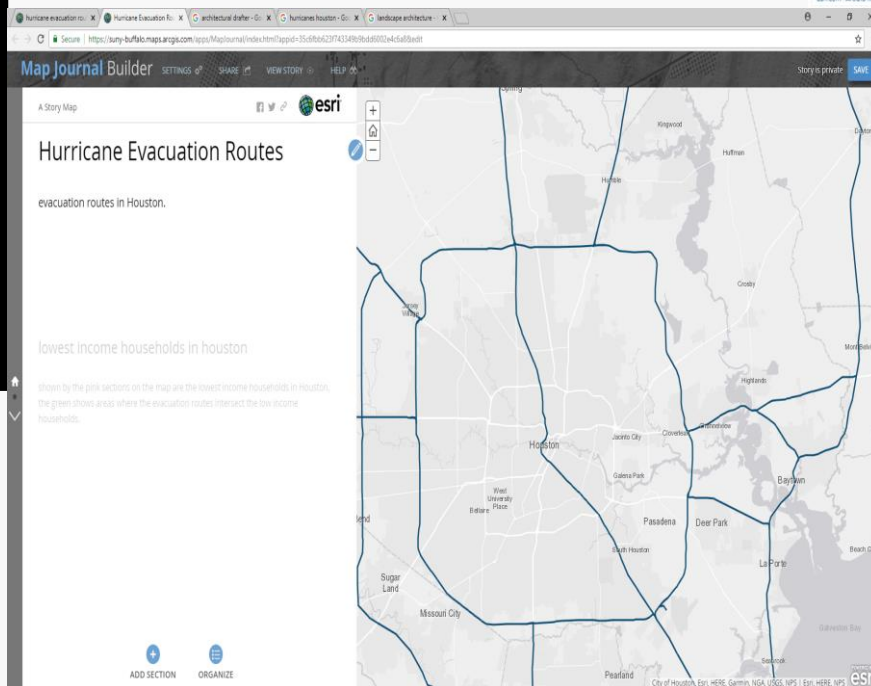

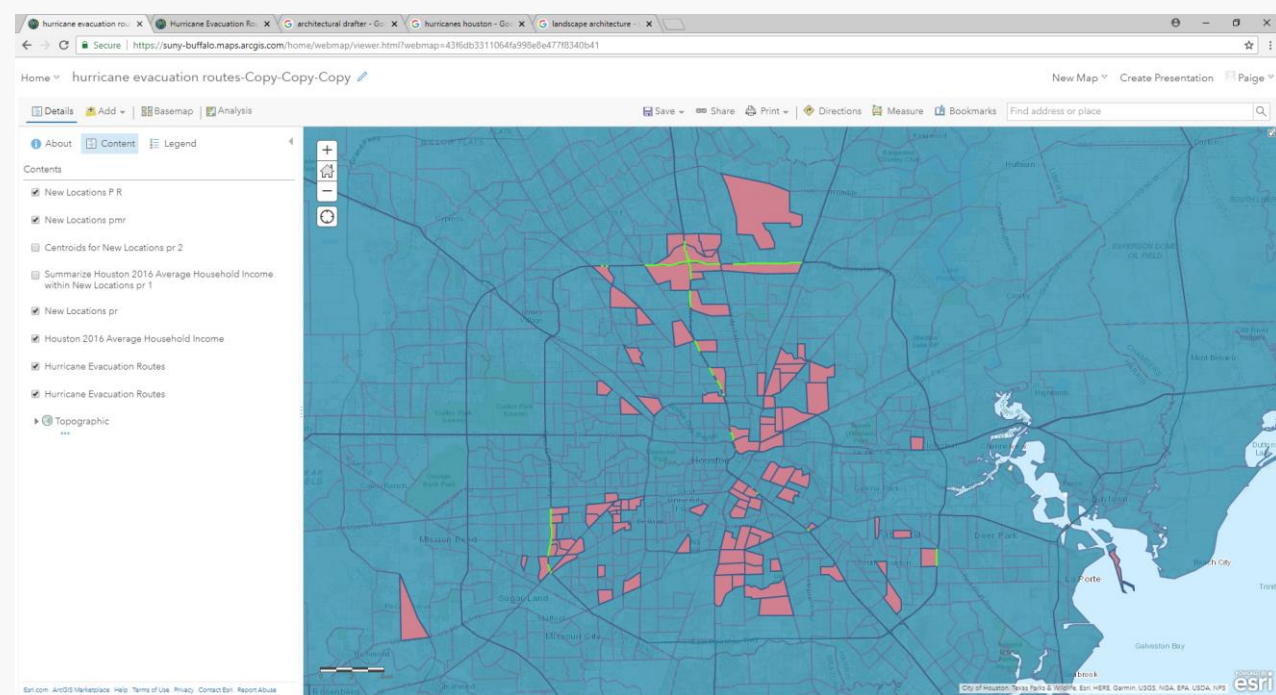

ANALYSIS:

Location analysis
“-new location”
- intersect.

RESULTS:

Location analysis showing
low income households in
Houston, Texas

MY CAREER PATH

- I like these activities: drawing, running, and biking

Subjects: math, phys. Ed., and art

- I am good at these activities: organizing, art & drawing, and playing instruments

Subjects: math, writing, and social studies

-The career I researched is landscape architecture

Landscape architects plan and design land areas for projects such as parks and other recreational facilities, airports, highways, hospitals, schools, land subdivisions, and commercial, industrial, and residential sites.

What I like about landscape architecture is the building process, building architectural landscapes, outside designs.

HOW I CAN GET THERE

This summer I will/I did : study, GIS, GTEST summer camp

This year I will take required classes in high school/not fail any classes, get high grade average/GPA, extracurricular activities, volunteer work

People who can help me on my career path: counselors' , parents, and other people in the field I want to be in.
